

History

Founded in 1978, Housing Crisis Center (HCC) is a 501(c) 3 non-profit organization working to prevent homelessness and to stabilize those at risk in affordable, decent, and permanent housing. Utilizing “scattered-site” housing, we provide safety and shelter to veterans, other individuals and families that have been referred through a Coordinated Assess System administered through The All Neighbors Coalition of Dallas and Collin Counties. In addition to housing, we provide supportive case management and services to help residents address the issues that contributed to them becoming homeless and empower them to solve their own housing problems in the future. Twice a month, HCC also hosts a free legal clinic where eligible participants can learn more about Texas housing laws and meet with an attorney to discuss specific tenant related concerns. Our legal program has been cited by the State Bar of Texas for outstanding service.

Mission

To prevent homelessness and to stabilize those at risk in decent, affordable, and permanent housing, and to empower them to solve their own housing problems in the future.

HCC provides housing, coaching/case management, and other wrap-around services to meet the needs of program participants. While a homeless person living on the streets can cost a city upwards of \$100,000 in taxpayer dollars annually, HCC can house that same person and provide comprehensive services for less than \$14,000 each year. For every dollar donated to HCC, approximately \$0.88 is dedicated solely to direct participant services.
